01. Use of grant monitoring procedures (Part I, line 2)

The Fund is in regular contact with the recipient of the funds provided, including

officers, management team and/or others. The management and oversight of the recipient

organization is monitored and/or supervised by the Fund depending on the needs of the

recipient organization. Members of the Fund Board make regular trips to discuss management

matters and this level of communication or other types of communication are expected to

continue into the future. The recipient organization and/or project manager issues a

formal quarterly report. All payment requests are made and approved by the project manager

or other designated individual and compared to the approved budget for the project.

Payment requests are then reviewed and approved by the recipient organization Executive

Director. The Fund is then invoiced and upon approval as compared to the agreement

made between the two parties, payment is made.

The due diligence is performed before an agreement is made through discussions with the

parties involved, references and/or background review. The agreement includes a budget

that is approved by the Fund's Board of Directors, which is then included in the agreement

between the parties involved.
